KX-FT933CX

Ideal Communication System for Home and Office.

Compact, Convenient and Easy to Use

Automatic Paper Cutter

Documents that are received or copied will be automatically cut and stacked.

Caller ID*¹ Ready

With caller ID compatibility, you can view the name or number of your incoming callers on the LCD screen before you answer the call. You can edit and store the caller ID memory, and even print the list for your records.

Out-of Paper Reception*²

The unit can store up to 28 pages in its built-in memory when the unit has run out of paper. This feature is also ideal for broadcasting.

Advanced Features

Directory Dialing

The KX-FT933CX has 100 phone directory entries to program the names and phone numbers for quick recall and dialing. In addition, the unit has 10 one-touch dialing stations with upper/lower key.

Sequential broadcasting (20 Locations)

If you are sending the same fax to multiple locations, you can program the unit to do so automatically. Documents are stored in memory and faxed in succession to each of the locations you program.

Navigator Key for Easy Operation

The navigator key assists you in storing caller names and phone numbers. This key lets you control the system features and operating modes, as well as caller ID memory.

64-Level Halftone with Digital Image Processing

You can send or copy everything from family photos to company documents in almost their original beauty, with the clarity and detail of 64 level halftone reproduction.

Other Features

- Automatic Document feeder (10 pages)
- Copier function
- Resolution: standard/fine/super fine/photo
