Caller

KX-FT937CX-B

KX-FT937CX-W

KX-FT937CX

Ideal for Home and Office.

Answers Every Call, Records Messages, and Receives Faxes

Fully Digital Answering System

The system answers all your calls, records messages and receives faxes while you are away. The digital system makes operation virtually silent and instantaneous.

Digital Duplex Speakerphone

Digital compression technology helps to reduce annoying echo, drop-out or clipping. You can enjoy clear, natural two-way conversations on the digital speakerphone.

Automatic Paper Cutter

Documents that are received or copied will be automatically cut and stacked.

Advanced Features

Out-of Paper Reception*2

The unit can store up to 28 pages in its built-in memory when the unit has run out of paper. This feature is also ideal for broadcasting.

Sequential broadcasting (20 Locations)

If you are sending the same fax to multiple locations, you can program the unit to do so automatically. Documents are stored in memory and faxed in succession to each of the locations you program.

Navigator Key for Easy Operation

The navigator key assists you in storing caller names and phone numbers. This key lets you control the system features and operating modes, as well as caller ID memory.

Caller ID*1 Ready

With caller ID compatibility, you can view the name or number of your incoming callers on the LCD screen before you answer the call. You can edit and store the caller ID memory, and even print the list for your records.

64-Level Halftone with Digital Image Processing

You can send or copy everything from family photos to company documents in almost their original beauty, with the clarity and detail of 64 level halftone reproduction.

Other Features

- Automatic Document feeder (10 pages)
- 100-station phonebook
- Copier function
- Resolution: standard/fine/super fine/photo
- Friendly Fax Reception
- Delayed transmission
- Polling function
- Electronic volume control
- Voice time/day stamp
- Tone remote control
